EXIT SEATING REQUIREMENTS

Please identify yourself if you cannot meet the following criteria and/or functions, have a condition preventing you from assisting, are concerned with injury or wish not to assist in the event of an emergency.

Suitability Criteria for Exit Seat Occupants

1. Have sufficient mobility, strength or dexterity in both arms and hands, and both legs:
   - To reach upward, sideways, and downward to the location of emergency exit and exit-slide operating mechanisms;
   - To grasp and push, pull, turn, or otherwise manipulate those mechanisms;
   - To push, shove, pull, or otherwise open emergency exits;
   - To lift out, hold, deposit on nearby seats, or maneuver over the seatbacks to the next row objects the size and weight of over-wing window exit doors;
   - To remove obstructions similar in size and weight to over-wing exit doors;
   - To reach the emergency exit expeditiously;
   - To maintain balance while removing obstructions;
   - To exit expeditiously;
   - To stabilize an escape slide after deployment; or
   - To assist others in getting off an escape slide.
2. Be 15 years of age or older and have the capacity to perform the listed duties without assistance of an adult companion, parent, or other relative;
3. Be able to read and understand instructions related to emergency evacuation which are provided in printed, hand written or graphic form and be able to understand oral commands given by a crewmember in the English language.
4. Be able to see well enough to perform the listed duties without the assistance of visual aids. You may wear contacts or eyeglasses.
5. Be able to hear well enough to understand instructions shouted by crewmembers without assistance. You may wear hearing aids.
6. Be able to speak well enough to give information orally to other passengers.
7. Be free from responsibility for someone who requires your care, such as a small child, or someone physically or mentally unable to care for themselves, which might prevent you from performing any of the listed duties; or
8. Be free from any condition that might cause you harm if you were to perform one or more of the listed duties.

Duties and Responsibilities of Exit Seat Occupants:

BE PREPARED, IF CALLED UPON, TO ASSIST CREWMEMBERS BY PERFORMING ANY OF THE FOLLOWING FUNCTIONS.

1. Locate the emergency exit;
2. Recognize the emergency exit opening mechanism;
3. Comprehend the instructions for operating the emergency exit;
4. Operate the emergency exit;
5. Assess whether opening the emergency exit will increase the hazards to which passengers may be exposed;
6. Follow oral directions and hand signals given by a crewmember;
7. Stow or secure the emergency exit door so that it will not impede use of the exit;
8. Assess the condition of an escape slide (if the aircraft is so equipped), activate the slide, and stabilize the slide after depolyment to assist others in getting off the slide;
9. Pass expeditiously through the emergency exit; and
10. Assess, select and follow a safe path away from the emergency exit.

Thank you for assisting us in complying with the Federal Aviation Regulations

For your safety obey "Fasten Seatbelt" and "No Smoking" signs. Follow all instructions given by crew members. For the safety of other passengers, please do not remove this card from the airplane.
